**TEXAS PROMENADE BRICK WALKWAY**

---

No, it's not the "Yellow Brick Road" that leads to Oz. But it is a very important brick road that will lead to the long-term success of Fair Park.

The Texas Promenade Brick Walkway is a pathway of bricks purchased by supporters of Fair Park. Thousands of local citizens and visitors have purchased bricks that bear their name and the date of their support for the park.

As you stroll along the walkway, you are likely to come across bricks purchased by such well-known individuals as former Heisman Trophy winner and Dallas Cowboys quarterback Roger Staubach, former President and First Lady Lyndon and Lady Bird Johnson, actor Tommy Lee Jones, singer John Denver and western stars Roy Rogers and Dale Evans, among others.

Want to add your name to the walkway? You can purchase a brick for 75 dollars through the Help Fair Park section of our Web site, [fairparktx.org](http://fairparktx.org). Depending on availability, you can also reserve a specific location for your brick for an additional 5 dollars.

Your funds will benefit Friends of Fair Park, which promotes the preservation of Fair Park's historic art deco art and architecture, the largest collection of its type in the United States.
